 Amateur (A) – Adults. This division will have 11 categories as listed below. Awards for this division will be: Best in Show, and 1st, 2nd and 3rd in each of the 11 categories listed below.
 Advanced Amateur (AD) –Adults. A step up from amateur, may have an online website offering prints, one-person exhibits, but short of professional. If you exhibit or advertise as a professional photographer in print or online you are ineligible for this contest. If you are found to be a professional photographer, any awards and cash prizes will be withdrawn. The Parks & Recreation Department reserves the right to make such a decision and that decision is final.
- B. The Entry Fee is: \$15 for up to five (5) entries. (\$20 fee for up to 5 entries, after 6/1/12). Photographers are limited to 5 photographs. Photographs must have been taken within the last five (5) years. Checks should be made payable to the *City of Fredericksburg*. A single print may not be entered in more than one category. At check-in time, you may correct spelling or remove listings from the show – BUT no additions or changes of an entry or category will be permitted. Entries previously exhibited in the Fredericksburg Photography Show are not permitted. Photographs must have a title of no more than 25 letters or spaces and **PHOTOGRAPHS MUST NOT BE SIGNED ON THE FRONT.**

NO METAL WIRES OR METAL HOOKS. FLAT PLASTIC HANGERS ONLY.** These hangers can be purchased at Frame Designs, or purchased from the Photography Club at check-in.
- D. Photos that do not meet entry specifications will be disqualified from judging.
- E. **DIGITAL versus FILM?** It doesn't matter what type of camera was used, images taken with digital cameras and images taken with film cameras can both be entered into *any* category. Likewise, the printing technology does not matter; ink jet printing and darkroom printing are both acceptable in the Fredericksburg Photography Show. **For all categories (other than Enhanced Category), the use of digital technology must be limited** to techniques comparable to traditional darkroom practices. Allowable adjustments include those made by the photographer to produce the best print of the image he/she envisioned when looking into the viewfinder originally. Allowable adjustments for all categories include: color adjustment, exposure, brightness, contrast, dodging or burning, sharpening, saturation, cropping, resizing, rotating, conversion to monochrome, and eliminating dust or scratches.
- F. **ENHANCED Category:** This category has no restrictions on the use of non-traditional techniques that cannot be duplicated in a traditional darkroom. This includes digital effects, hand-tinting, Polaroid transfers, etc. This includes all finished products that utilize artistic and texture filters, removed or added objects, a combination of more than one image to create a single image, digitally created artwork, digital "coloring," and multi-layer composites. **Photographs with these enhanced attributes may ONLY be entered in the Enhanced Category.**
- G. The Photography Committee reserves the right to reject entries that it determines to be inflammatory or offensive to community sensitivities.
